INNOVATIVE MFC & MDF MELAMINE PANELS

2023-2024

# MFC®

INNOVATIVE MFC & MDF MELAMINE PANELS

Innovation and competitiveness are the characteristic that makes An Cuong a market leader in the production of wood-working materials in various sizes and types, and of melamine-faced chipboards with a wide range of decors and textures. In addition to the standard melamine-faced chipboards, since 2016 we have had a lot of new press-plates which are very unique. The pursuit of qualitative improvement in each phase of production is obtained thanks to constant investments in technology, accompanied by untiring research into new decorations and fashionable textures.
